# Mohammad Abdollahpour

**Front-end Developer · Computer Engineering Student**

## PROFILE

Front-end developer with a background in C#, SQL Server and embedded ARM programming, completing a B.Sc. in Computer Engineering. I build user-friendly, search-engine-friendly websites by hand with HTML, CSS and JavaScript, and bring a systems-level understanding of how data and logic travel from the database to the browser. Looking for opportunities to turn ideas into polished, fast products and keep improving the user experience.

## EXPERIENCE

**Electronics Intern & ARM Microcontroller Programmer** — 2020 – 2021

Knowledge-based company, Tehran

- Electronics internship focused on programming ARM microcontrollers.

## EDUCATION

**B.Sc. Computer Engineering** — 2024 – 2028 (in progress)

Islamic Azad University, Electronics Unit

**Associate Degree, Computer Programming**

Completed

**High School Diploma, Mathematics** — 2019 – 2020

State model school, District 1, Tehran
